Dear George Wolf,

I wanted to share with you another opportunity we had on Rhoads 7 to honor the courage and spirit of Greg. We identified a family we could help who have struggled with the loss of a wife and mother. This young mother with Leukemia was an immigrant from Mexico and her children did not have sufficient winter cloths for Philadelphia. We know this gift will help them with their day to day struggles. We gave \$300.00 from Greg's fund to help out. Hope all is well with you and yours. We are privileged to be a part of Greg's legacy and continue his good works. Please call if you need anything.

Sincerely,

Debra Dearstyne RN, OCN
